| Homebound status: After undergoing Right Total Ankle Arthroplasty With Prophylactic Fixation Of The Medial Malleolus, the patient is experiencing decreased endurance and mobility, increasing the likelihood of falls. To safely leave their home, the patient needs assistance from another person and an assistive mobility device.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |  |                                                |                                                                                                                            |                                                                                                                                                                                                                                                                                                                                   |  |
| Clinical Condition Requiring Homecare: <div><span style="font-size: 14px;">The patient is a 69-year-old female with a past medical history significant for osteoarthritis and hyperlipidemia who is status post right total ankle arthroplasty with prophylactic fixation of the medial malleolus (ORIF) performed on 10/30/2025. She was discharged to home to reside with her daughter and family and is currently non-weight-bearing on the right lower extremity and immobilized in a postoperative splint; pain is being managed with a multimodal analgesic regimen. Prior to surgery she was independent with basic self-care, transfers, and ambulation using a cane; since surgery she demonstrates decreased standing balance and standing tolerance, reduced bilateral upper-extremity strength and activity tolerance, and consequent limitations in self-care, transfers, and functional mobility. The right lower-extremity surgical site remains protected per physician orders and NWB precautions were reinforced during teaching. Skilled occupational therapy services are recommended to address safe ADL retraining, adaptive techniques, upper-extremity strengthening, transfer training, and progressive functional mobility within NWB restrictions; home safety education, fall-prevention strategies, and a home exercise program for safe transfer technique were provided to the patient and family. Plan of care includes initiation of OT, ongoing skilled nursing to monitor incision/wound status and reinforce NWB and pain management, coordination for needed DME (e.g., elevated toilet seat, mobility aids) and reassessment of the need for PT as mobility goals evolve.</span></div><span style="white-space: pre; font-size: 14px; white-space: normal;"> </span></div><div><span style="font-size: 14px;">Date of Order</span></div><div><span style="font-size: 14px;">11/24/2025</span></div><div><span style="font-size: 14px;">Orders</span></div><div><span style="font-size: 14px;">Physician Face-to-Face Date: 11/05/2025</span></div><div><span style="font-size: 14px;">Clinical Condition Requiring Home Care per Certifying Physician: PT eval and treat OT eval and treat due to Right Total Ankle Arthroplasty With Prophylactic Fixation Of The Medial Malleolus</span></div><div><span style="font-size: 14px;">Homebound Status per Certifying Physician: patient requires another person or medical equipment such as crutches, a walker, or a wheelchair to leave home</span></div><div><span style="white-space: pre; font-size: 14px; white-space: normal;"> </span></div><div><span style="font-size: 14px;">1 - SOC - PT Notes: soc</span></div><div><span style="font-size: 14px;">OT Eval Notes:</span></div><div><span style="font-size: 14px;">Physician</span></div><div><span style="font-size: 14px;">Wild, Mark</span></div></div> |  |                                                |                                                                                                                            |                                                                                                                                                                                                                                                                                                                                   |  |
