Apply xeroform to wound bed. Cover with ABD. Wrap with roll gauze and lightly with ace wrap.

TEACH PATIENT/CAREGIVER: * lifestyle modifications to manage respiratory condition including diet changes and regular exercise strategies to control shortness of breath home remedies to keep lungs healthy, related medication(s) purpose, schedule, * prevention exacerbation of anxiety condition including coping patterns improved concentration strategies to reduce anxiety identification of anxiety precipitants, conflicts, and threats, related medication(s) purpose, schedule, * how to achieve wound healing including cleaning and dressing wound position changes skin care diet modification preventing pressure ulcer recurrence record wound measurements, related medication(s) purpose, schedule, * strategies to increase caloric intake, related medication(s) purpose, schedule, * strategies to minimize fatigue and exhaustion including work simplification energy conservation lifestyle changes diet, related medication(s) purpose, schedule

SN Goals

PATIENT-STATED GOAL: (In patient's own words) : Heal wounds

GOALS

patient/caregiver recalls

- * lifestyle modifications to manage respiratory condition including
- * diet changes and regular exercise
- * strategies to control shortness of breath
- * home remedies to keep lungs healthy
- * recalls related medication(s) purpose, schedule

patient/caregiver recalls

- * prevention exacerbation of anxiety condition including coping patterns
- * improved concentration
- * strategies to reduce anxiety
- * identification of anxiety precipitants, conflicts, and threats
- * recalls related medication(s) purpose, schedule

patient/caregiver recalls

- * strategies to increase caloric intake
- * recalls related medication(s) purpose, schedule

patient/caregiver recalls

- * strategies to minimize fatigue and exhaustion including work simplification
- * energy conservation
- * lifestyle changes
- * diet
- * recalls related medication(s) purpose, schedule

patient/caregiver recalls

- * how to achieve wound healing including cleaning and dressing wound
- * position changes
- * skin care
- * diet modification
- * preventing pressure ulcer recurrence
- * record wound measurements
- * recalls related medication(s) purpose, schedule
